

**David and the Titans is a six piece band that performs original songs blending the sounds of rock, folk and country.**

The songs David Petovar writes originate on acoustic guitar and are brought to life with a strong rhythm section of drums, bass and electric guitar. Female harmony vocals round out the sound, creating a fresh take on the studio recordings. With compelling lyrics and a unique perspective, David and the Titans performances will expand your mind and take you on a musical journey. The beats and rhythms backing up the songs will keep your toes tappin' and get you dancing to a sound that is fresh but still familiar. David and the Titans perform an all original show of songs, some of which can be heard on David Petovar's CD, Lucky 7.
